

How to Access Resources from CELA and use Dolphin Easy Reader

Background:

CELA (The Centre for Equitable Library Access), is Canada's most comprehensive accessible library service, providing books and other materials to Canadians with print and physical disabilities.

The screenshot shows the top portion of the CELA website. At the top left is the CELA logo, a stylized sunburst with the text 'CELA' next to it. To the right of the logo is the text 'Centre for Equitable Library Access' and 'Public library service for Canadians with print disabilities'. Below this is a navigation bar with links for 'Register', 'Log in', and 'Français'. A dark red horizontal bar contains navigation links: 'Home', 'Newspapers', 'Magazines', 'Recommended', 'For libraries', and 'Help'. Below this is a search bar with the text 'Search by title, author, or keyword' and a search input field. To the right of the input field are dropdown menus for 'Sort: Relevance' and 'Order: Descending', a 'Search' button, and links for 'Browse by category' and 'Search tips'.

In order to create a CELA account, you will need a PUBLIC Library Card number e.g. GVPL or VIRL

For Teachers:

Teachers can sign up for an educator account. This will allow you to get access to resources to support your students with print disabilities. We do want to empower our learners to access this resource. You can support students with creating their own account (with their public library card).
